Session 1:

By serving God’s modern-day church, we are furthering a mission that came to life long ago through the person of Jesus. In this module, Evan Wickham provides an overview of Jesus’ ministry as depicted in the Gospel of Matthew. He explains how the ministry of worship teams is ultimately used to advance God’s Kingdom by transforming hearts and minds.

“You are heralding the presence of the Kingdom in your church and in your team, and that’s actually a healing work.”
